

PRODUCT GUIDE 2010  
JUST GEAR. NO BULL SHIT!

To live is to ride is not just a slogan for us. It is a philosophy. To really feel alive you need to take control of your life. And you sometimes need to dare walk on the edge. Be it work, love or sport, you feel best when you conquer your fear and push the limits further. Kayaking is our way of getting that rush. At kayaking anyone can find a challenge for himself, be it top extreme paddler running deadly rapids, or just a beginner trying to conquer his or her fear of capsizing.

At Duemstuff we are aware that when challenging your fate quality product can mean difference between life and death. That is why all our neoprene products are handmade in Slovenia. We are on a quest to make best equipment possible. Constant design and technology improvements mean you will never get obsolete products from us.

We are also proud to use eco friendly colours for our prints, which is sadly exception to the rule. You don't need to poison nature to look good. You only need some cutting-edge design and daring colours. We know it is important to find your own style. It is easy to personalize your look when you have so many great looking options. So get on top of your life and ride it - in style!

ULTRA LIGHT  
FLOTATION FOAM

**ULTRA LIGHT FLOTATION FOAM:** Softest and most durable foam with best buoyancy/weight ratio on the market.

SMALL DIAMOND  
NEOPRENE

**SMALL DIAMOND:** Abrasion proof and extremely durable 4mm neoprene.

POLY PK 4mm  
NEOPRENE

**POLYPK:** Abrasion proof and extremely durable elastic 4mm neoprene.

HARD CORE  
BODY SHELL

**HARDCORE BODY SHELL:** Special smooth and lightweight neoprene that repels water.

FULLSTRETCH  
KEVLAR

**FULLSTRETCH KEVLAR:** Neoprene cover made of tough Kevlar material that can also stretch.

SHEICO  
NEOPRENE

**SHEICO NEOPRENE:** Without a doubt the best neoprene producer on the market. We only use the best.

GLUED AND  
BLINDSTICHED

**GLUED AND BLINDSTITCHED:** Reliable waterproof technique of joining neoprene parts. Neoprene is first glued and then stitched without piercing all the way through to make seams waterproof.

GLUED,BLINDSTICHED  
AND HOT-TAPED

**GLUED, BLINDSTITCHED and HOT TAPED:** In addition to glued and blindstitched technique seams are also hot taped for extra endurance and waterproof qualities.

LENGTH & WIDTH  
STRAP ADJUSTMENT

**LENGTH & WIDTH:** Adjustable straps to personalize length or width of gear part.

BODY CUT DESIGN  
FOR OPTIMUM FIT

**BODY CUT DESIGN FOR OPTIMUM FIT:** Ergonomic design to make equipment fit like it is just a part of your body.

ULTRASPAN  
NEOPRENE

**ULTRASPAN NEOPRENE:** The most elastic and softest neoprene on the market. It fits and wears better than any neoprene before.

ELASTOMAX  
NEOPRENE

**ELASTOMAX NEOPRENE:** Tougher than Ultraspan but still very elastic, this super durable neoprene is used on our extreme spraydecks.

OPEN CELL  
NEOPRENE

**OPEN CELL:** Nylon cover for endurance on one side and no cover for better grip on the other side of this thin 1mm neoprene layer.

WATERPROOF  
BREATHABLE NYLON

**WATERPROOF BREATHABLE NYLON:** This nylon can breathe and let excess moisture out, while it keeps water out.

VELCRO FASTENER

**VELCRO FASTENER:** Iconic hook and loop fasteners for reliable closure and easy opening.

HEAVY WEIGHT  
NYLON

**HEAVYWEIGHT NYLON:** Strongest waterproof nylon fabric we use. It is used for extra safety on vests and extra protections on jackets.

MASH NEOPRENE

**MASH NEOPRENE:** Nylon cover for endurance on one side and special texture cover free neoprene for extra strong grip on the other side.

NOTE THIS:

**//ALL OUR PRODUCTS ARE HANDMADE IN EUROPE//**

**SPRAYDECK OPTIONS:**

**SW** Single waist spraydeck option

**DW** Double waist spraydeck option

**KEYHOLE** Most widely used spraydeck size

**LARGEDECK** Larger deck option for largest hole sizes

Pro Series is all about serious  
paddling.

Years of testing, latest neoprene technology and groovy  
designs make this series first choice of most experi-  
enced paddlers. We kept performance in mind while de-  
veloping this wicked gear.

...in short with this equipment you'll have ...

ALL THE STUFF  
YOU NEED AND NO  
BULL SHIT! 

## FREESTYLE VEST

Still the only neoprene freestyle vest on the market. Replacing nylon shell did not only give us extra flotation, but enabled us to reduce the thickness of flotation foam, hence reducing thickness of the vest. We kept nylon only on the inner part of the vest. It has 6.5kg or over 50N of buoyancy which complies with EN standards. With neo vest you get lighter, smaller and softer vest. We made it tear-proof and safer to use by connecting straps under neoprene shell. It has no unnecessary additions to get in a way between you and the nastiest tricks possible. Our team riders have been using them for a few years and will never switch back to nylon again. ....The future is now.

### NOTICE

## FREESTYLE VEST LIMITED EDITION

We kept all the best features of Freestyle Vest and made it even better for our limited edition line. Its full neoprene body makes it softer, warmer and even more buoyant than our standard edition Freestyle Vest. We used Ultraspan neoprene on this one for better fit and some kinky styling to make you look good even if you never did before.

## FREESTYLE SEMIDRY JACKET S/S LIMITED EDITION

Our first freestyle semidry short sleeve jacket is absolutely breath-taking. Tough nylon upper layers, double layered waist and newly shaped Ultraspan cuffs, which offer best fit to multiple arm and neck sizes, are just the beginning. Laser cut soft rubber/Velcro fasteners manage very comfortable super strong grip. Limited edition design offers amazing looks to a fully functional freestyle jacket. Roll as much as you want, but be warned - you might not get wet inside.

### FEATURES

- 3-layered breathable nylon
- Ultraspan cuffs
- Soft rubber/Velcro fasteners
- Double waist
- Velcro fastener

**SIZES:** XS, S, M, L, XL

## EXTREME SPRAYDECKS

The ultimate extreme spraydeck. Whether it's extreme or freestyle, this is one piece of equipment that is ready to accept any challenge. The worlds' only spraydeck with the newest Full Stretch Kevlar technology and double-stitched 9mm elastic cord to make it tough, while easy to fit. It comes in keyhole/large and single/double waist options. Elastomax insert in the back makes it fit more kayaks and seat positions, while the Kevlar/Mash neoprene combination gives it the best grip on the market. You will never have to worry about implosion again. Inner Ultraspan 3mm neoprene waist means this is the warmest and most comfortable spraydeck ever made.

### FEATURES

- SmallDiamond 4mm neoprene base
- FullStretch Kevlar Reinforced edge
- Elastomax back insert for stretcher fit and implosion free kayaking
- Mash neoprene on the inside for that sticky grip on the boat
- Double stitched 9mm Elastic cord
- Ultraspan 3mm neoprene inside waist for comfort and warmth
- OpenCell 1mm neoprene outer waist for extra light grip of your top
- All seams glued, blindstitched and hot taped
- Keyhole\*/large deck options\*\*
- Single\*\*\*/double waist options\*\*\*\*

**SIZES:** S (under 65cm), M/L (65cm - 85cm), XL (over 85cm)

## TOUR SPRAYDECK

Heavy duty spraydeck for users, who prefer endurance over grip. We took extreme spraydeck and made it softer, stretchier and more user-friendly while extending its life expectancy. We managed that by removing Kevlar/Mash neoprene part and replacing it with softer and further lasting neoprene. Sure we lost some grip with it, but most people don't jump big waterfalls anyway. We also replaced SmallDiamond core part with 4mm PolyPK stretch neoprene base to make it easier to put on. Both advanced and learning kayakers will appreciate this fine piece of equipment.

### FEATURES

- PolyPK 4mm neoprene base
- Double stitched 9mm Elastic cord
- Ultraspan 3mm neoprene inside waist for comfort and warmth
- OpenCell 1mm neoprene outer waist for extra light grip of your top
- All seams glued, blindstitched and hot taped
- One size deck option
- Single/double waist options

**SIZES:** S (under 65cm), M/L (65cm - 85cm), XL (over 85cm)

**\*NOTE:** PolyPK stretch neoprene makes one size deck fit more kayaks.

NEO SHORTS

A hit product is now better than ever. We improved the shape of inner neoprene pants by making them more seat-friendly. We also added height in the back for kidney protection and a new adjustable waist with Velcro zipper for easy put on and better fit. Ultraspan Neoprene inner pants will give you comfortable protection while outer stylish custom made quick-dry microfiber surfshorts will add to your style out there in the wild. Now in 6 different styles.

FEATURES

- 3mm Ultraspan inner neoprene pants
- BodyCUT ergonomic inner pants design
- Velcro fastener
- Adjustable elastic waist
- All seams glued and blindstitched
- Microfiber outer shorts with side pocket

SIZES: S, M, L, XL

**\*NOTE:** Please consider that Ultraspan neoprene allows much bigger range of body sizes fit into one size.

## FATAL FREERIDE SPRAYDECKS

A classic all-rounder. This spray deck is basically ready to go everywhere. It is never a wrong choice, be it lake or white-water, beginner or guide. Good stretch and strong grip make it good enough for challenges of freestyle. Its lighter design and feel make it perfect for a less demanding user. Daring styles of our freeride spraydecks are guaranteed to make heads turn your way.

## Brand Series

Shrewd creations for riders who want to personalize their style. Efficient design plus wide variety of colours and styles for different characters to choose from are what makes this equipment stand out. ...in short with this equipment you'll have ...!

RIDE THE WATER  
LIKE YOU WOULD  
RIDE A BULL!!

## FREERIDE SEMY DRY JACKET L/S

This is an everyday paddle jacket. Slim and light to give that performance feel. At the same time it provides comfort and protection against water and weather. Perfect cover for warmer days. Absolutely eye-catching.

### FEATURES

3-layer waterproof breathable nylon  
Ultraspan/Open cell neoprene neck and cuffs  
All stitches Hot-taped  
Front and arm pocket  
Full Velcro waist neoprene for easy size fit

**SIZES:** XXS, XS, S, M, L, XL, XXL

PRODUCT NAME

## FREERIDE SEMY DRY JACKET L/S

PRODUCT CODE

**DS10-B-T-FJCK**

## TOUR COMBO L/S

Tour Combo is a combination of a top class Tour Spraydeck and modern reshaped Freeride light semidry top. Special to this item is double neoprene waist which keeps all the water out of your kayak. The inner neoprene waist is constructed specially to fit your body and is not connected to the top, so in case of water entry, the inner waist will stop the water from entering the boat and will push the water out through bottom holes. For kayakers who don't like or need latex cuffs. A great combo that is best for recreational use, but still draws attention.

### FEATURES

- 4mm PolyPK neoprene base
- Supratex reinforced outer edge
- 2mm Ultraspam inner neoprene waist
- 2mm outer neoprene waist
- Double stitched 9mm elastic cord
- All seams glued, blindstitched and hot taped
- 3-layer waterproof breathable nylon
- Shoulder and front pocket
- 2mm Neoprene seals

**SIZES:** S, M/L, XL

## Touring Series

Comfort, reliability and practical usefulness are features we were looking for while developing our brand new Sea & Tour kayak series spraydecks. Whether enjoying flatwater tours or surfing your way to shore, four different innovative design options bring some sought-for freshness into original kayaking disciplines.

COMFORTABLE TO  
FEEL FREE!!

\*Note: All spraydecks come in two sizes. They are made of super stretch materials so one spraydeck fits many different sizes. Larger of two is made for wider holes so it might be too big for smallest seayak holes.

FUN TRIP SPRAYDECK // BRAND

The most basic of our sea and tour kayak spraydecks. Made entirely of super stretchable and durable Ultraspans neoprene, which means it fits wide variety of hole sizes and it is easy to put on. Soft neoprene waist will make you forget that you are wearing anything, but will still keep you warm. Knee tuck for hands-free exit in case of capsizing.

FEATURES

- Ultraspans 3mm neoprene
- 6mm Dura elastic cord
- Knee tuck
- Large or normal hole size options

**SIZES:** S (under 65cm), M/L (65cm - 85cm), XL (over 85cm)

## EXPEDITION SPRAYDECK // PRO

We designed our best sea and tour kayak spraydeck with longer expeditions in mind. One big and one small neoprene pocket bring various options for storing different kinds of equipment. Be it GPS or map, you will find some place for it in these reliable Velcro-sealed pockets. Ultraspan neoprene was used to make longer trips more comfortable and warmer, while you can rely on Mash neoprene edge not to give up and implode in rough sea conditions. Neoprene bottle pocket that will keep your drink hot or cold longer included.

### FEATURES

- Ultraspan 3mm neoprene
- Mash neoprene lower edge
- 6mm Dura elastic cord
- Two Velcro sealed pockets
- Neoprene bottle pocket on knee tuck
- Large or normal hole size options
