# Murau district

As soon as the first snowflakes start to fall, the Murtal district is transformed into a true winter wonderland!

Murtal's 8 skiing mountains boast perfectly prepared pistes and reliable snow conditions whilst offering many challenging downhill descents for skiing pros. Fun and action are also an important part of your winter holiday: whiz down the Turracher Höhe on the "Nocky Flitzer" Alpine rollercoaster, have a go on the tubing track, experience the clear sky when descending the mountain during a night ski tour or ask the "Piste Butler" for a glass of sparkling wine or an ice-cream!

Why not try something romantic: a torch-lit hike, a ski tour or a winter hike? Or get into the holiday spirit with activities off the ski slopes: cross-country skiing, tobogganing, snow-shoe hiking, ice skating, Austrian curling or a horse-drawn sleigh ride.

## 1 KREISCHBERG & LACHTAL – STYRIAN FAVOURITES

approx. 10% discount on all multi-day passes

Enjoy carving and boarding in two of the most popular and largest ski resorts in Styria! The Kreischberg and Lachtal inspire with fantastic wide, perfectly prepared pistes at 850 - 2222 m above sea level. A speed course, a permanent racing slope and a tubing arena provide more fun and action on the Kreischberg, while freestylers meet in the Snowpark Kreischberg! The Dinopark and Yabba-Dabba-Doo-Land offer even more experiences for children.

The Lachtal is characterised by its high Alpine character, the vastness of the ski resort and the special atmosphere of the Alpine huts. The Kids' Lachtal resort offers a magic carpet, a teddy rope-tow, a figure course and a mogul slope. Toboggan run, high-altitude cross-country skiing trails and winter hiking trails are also Styrian favourites.

# Murtal district

Winter in the Murtal region offers a wide array of winter activities.

Winter and snow-shoe hikes, the wide range of cross-country skiing trails or a day of Alpine skiing or ski-touring will give you an over-all feeling of well-being whilst providing you with the opportunity to be close to nature – something that is almost alien to many of us nowadays. Or why not have a go at ice climbing, ice skating or try your hand at Austrian curling? With hot punch, mulled wine and "Lebkuchen" gingerbread to finish. Or what about a change of scene: a high-speed winter circuit of the Red Bull Ring in an X-Bow? If you would like to take a break from the snow for a day, the nearby towns and markets are perfect for a pleasant stroll whilst discovering more about the regional culture. Warm up by diving into the waters of a thermal spa: the Therme Aqualux in Fohnsdorf or the indoor swimming pools in Judenburg and Knittelfeld.

In the heart of the historic town of Judenburg, directly opposite the convention centre, the Puch Museum Judenburg invites the whole family to experience the milestones of vehicle development first hand. Legendary bicycles, motorcycles and cars are vividly presented and awaken memories of the worldwide success of the "Puch" brand, which made a significant contribution to getting the Austrian population on the road. Here

you can find showpieces like the Puch 500, known affectionately by connoisseurs as the "Pucherl", Haflinger and Pinzgauer, as well as pre-war motorcycles, barn finds, lovingly restored vehicles, and old military vehicles.

Regular new exhibits and annual special exhibitions make every visit a real experience! Parking is available right in front of the museum.

## 21 JUDENBURG INDOOR CLIMBING AND TENNIS

This well-equipped sports centre has an indoor climbing wall with more than 860m<sup>2</sup> of climbing surfaces and features every kind of structure and dihedral possible (Grades 3-10). Tennis fans will find ideal facilities: three indoor and outdoor courts in perfect condition.

PLANETARIUM: Spectacular space shows, "all-encompassing" flights through the universe of knowledge, and impressive music shows by Pink Floyd and Queen - experience all this in the 500-year-old Sternenturm Judenburg Planetarium whatever the weather! The most modern planetarium in Europe takes you into the mysterious depths of both space and the ocean. The ingenious 3D space action will amaze, entertain

and educate. The exhibition is suitable for children ages 4 and up (with the exception of one show) and an overview of the current sky is always included. The planetarium is located in Austria's highest town tower and features a spectacular glass-bottomed lift. You can also enjoy a unique view of the Murtal from our panoramic café (42 m).

## 24 ST. ANNA CROSS-COUNTRY SKIING TRAIL

The year is 2016 and the entire winter-sports world is dominated by expensive, pretentious ski resorts. Only one small village of indomitable Styrians still holds out against the trend.

They believe in small-scale, high-quality skiing fun, like today's adults enjoyed in their childhood. Experience the history of a ski resort that takes you back to

the winter of yesteryear. Fantastic slope quality in a place that offers the perfect conditions for everyone from beginners to pros. There is a free magic carpet for the little ones and for older skiers, the FIS course on the Kalchberghang. There are fantastic options for a stop-off right next to the lift.
