LIVIGNO

AN ALPINE TRADITION
THROUGHOUT THE AGES

LIVIGNO

The Italian "Little Tibet".
A holiday paradise for people who
know how to choose.

Livigno is one of the Alps' most renowned tourism stations - **THE VALTELLINA'S FLAGSHIP RESORT** - and is set between the Stelvio National Park and the Swiss National Park. Over the decades the town has flawlessly preserved its environmental, natural and architectural characteristics. Way has been made for modernity but always in keeping with the local culture and traditions, and maintaining the surrounding areas as pristine as ever. This is why Livigno is paradise for anyone who **LOVES HOLIDAYS CLOSE TO NATURE** and wishes to spend time relaxing, breathing in fresh air and enjoying the mountain sunshine.

All you need to feel great in Livigno is to take a look at the mountains that cradle the valley, and take in the impressive view of the mounts that roll gently from 3,000 to 1,800 metres. Livigno conveys **PEACE AND SERENITY** and is ideal for a winter or summer holiday taking strolls along foot and cycle paths or enjoying mountain biking and trekking, alpine skiing, snowboarding, telemark and nordic skiing.

Livigno, tributary of the Danube

Trepalle Administrative Division

A large and spacious amphitheatre that slopes gently to the valley bed crowned by the indented crests of the mountains standing out against the clear blue sky. In summer an immense green pasture dotted with small wooden refuges and the white facade of the **HIGHEST PARISH IN EUROPE**. Winter gently lays a vast blanket of snow along the mountain slope, where the dark, scattered refuges stand out - this is how **TREPALLE** appears when you cross the Foscagno Pass, a divide of sorts between the south and the north of the Alps, between the basins of the Po and of the Danube.

Livigno - a historical duty-free zone

In addition to its long slopes and pristine nature, the valley of Livigno - settled as far back as 1000 A.D. - is also known for its **DUTY-FREE ZONE**, pursuant to the Law of 17th July 1910, no. 516 (Official Gazette no. 180 of 02.08.1910). Granted by Napoleon in 1805, this status has supported Livigno's social and economic development since the Fifties, in conjunction with the winter opening of the Foscagno Pass (the 1965 construction of the "Munt La Schera" tunnel opened the floodgates to tourism). Today this prerogative - a unique case in Italy - attracts a variety of tourists, offering them the chance to find top brands at great prices.

The Districts

In 1980, at the first edition of the **"TROFEO DELLE CONTRADE"** (The Districts Trophy), the typical night-time Nordic ski race along the main roads, the "Gruppo Amatori Fondo" divided the town into districts. Until then there were no districts; the only distinction made was among the various areas linked to the main churches of **S. MARIA** (Spazzon district), of **S. ROCCO** (Trùzz district) and

ACCOMMODATION IN LIVIGNO

In 1880 Giovan Battista Silvestri opened Livigno's first accommodation structure, the Alpina hotel.

At present, Livigno features:
124 hotel facilities
1,625 apartments
7 campsites
3 holiday farmhouses

S. ANNA (Trepál district).
Now, however, Livigno has eight districts: Centro, ComuninPemont, Forcola, Ostaria, Plan da Sora, Saroch, Teola, Trepalle.

Churches

The first church, **SANTA MARIA NASCENTE**, dates back to 1300 A.D. and is located in the northern area of the town. In the centuries that followed the churches of S. Antonio, S. Rocco, S. Anna in Trepalle, Addolorata of Florino, Immacolata of Lourdes in Tresenda, Addolorata in Val Federia, Beata Vergine of Caravaggio and Immacolata of Viera were built. Apart from the first, which was later consecrated as the **PARISH CHURCH**, all the others are small in size but have a wealth of little details that make them unique and interesting to visit.

LIBRARY FEATURES

Visitors to the library can consult the "Dizionario etimologico-etnografico dei dialetti di Livigno e Trepalle" (Etymological and Ethnographical Dictionary of the Dialects of Livigno and Trepalle).

Way of the Cross

The new "Via Crucis" along the foot and cycle paths in Livigno was opened and blessed by His Excellence **DIEGO COLETTI** in 2009. A total of fifteen stations were created, with the bas-reliefs created by the Valtellinese sculptor **G. ABRAM**, the last station being dedicated to the resurrection.

Public Library

This is the richest and most popular library of Alta Valtellina, thanks to its wide range of books, films, magazines, newspapers and music CDs.

SERVICES: Online catalogue, loans and inter-library loans, adhering to the “Nati Per Leggere” (Born to Read) project, photocopy service, free WiFi, educational activities.

Art in Livigno

Livigno boasts a variety of artists including painters, sculptors, writers, musicians and actors who frequently produce collective exhibitions or personal shows of paintings, photographs, handmade articles and various objects. These figures include local artist **LYDIA SILVESTRI**, whose works are featured in important public and private collections all over the world. Livigno also features two memorials: the **“MONUMENTO AI CADUTI”** built in 1968 (Piazza del Comune) and the **“FILO DI ARIANNA”**, where the artist has created an actual stroll into the myth of Ariadne’s Thread, with the inhabitants and spectators taking part as leading actors. The works stand alongside buildings crucial to the life and development of tourism and cultural activities and along the foot and cycle paths.

Cultural Associations

There are numerous cultural associations in the Livigno area. Of particular note is the **GRUPPO FOLKLORISTICO** that currently boasts over 100 elements including traditional costumes, adult and child dancers; the **CORPO MUSICALE**, or the town band, that dates back to the dawning of the first world war; and the choir, **CORO MONTENEVE**, consisting of 38 male voices and with a rich repertoire of folk and mountain songs.

TREKKING

A great excursion ring deep in nature awaits you in Livigno.

The mountain is a **GREAT NATURAL GYM** that offers endless possibilities for physical activities both during the winter season, on the snow, and during the summer months.

All you'll need is a pair of boots and a backpack. You'll find everything else here, in Livigno, where the **MOUNTAIN GUIDES** propose many interesting excursions: from short one-day outings to long itineraries where you can sleep in the refuges, from country trips to observe the **FLORA AND FAUNA** to explorations of the highest peaks.

And wherever you are, you can go down into the valley and go into the town straight away, thanks to the free public transport.

TREKKING MAPS

The way to best organise an excursion and to learn the details of the route that you wish to take on is to buy the Bike & Trekking Maps (available at the APT Livigno Tourist Board). These maps are crucial for mountain trips.

You can also visit the website livigno.eu, where you can choose the route to follow, from the starting point the arrival.

Mountain Guides

The local Mountain Guides are an enormous resource for trekkers. These true **"GUARDIAN ANGELS"** guarantee safety in the mountain. The Livigno Guides organise excursions of all levels and duration, rock climbing and sport climbing courses, trips for exploring the most evocative areas of the Natural Parks that surround us.

In case of necessity, you can communicate your precise position to the rescue stations by reading the code on the back of the nearest signpost.

Alpine Huts

They are ideal for a stay during your excursion, and offer you the chance to view the milk processing and see livestock pasture.

JUNIOR SUMMER

An experience for the whole family.

It's not easy to find the right place to spend a holiday with the whole family.

In Livigno, however, there are many activities **DESIGNED ESPECIALLY FOR FAMILIES** with children and they are part of a project devised especially for kids used to living in the city, who rarely get the chance to stay in touch with nature, run free in the green fields, explore woods and mountain shelters, learn about the secrets and the inhabitants of our mountains. From food and wine outings to the adventure parks in the forest, from excursions on smuggler trails to the visits to the stables and the mountain huts. This summer ask for the **LIVIGNO CARD** and live an active holiday.

Livigno Card

Thanks to the **LIVIGNO CARD, A PROGRAMME 100% NATURE**, our guests will be able to take part at the daily programme by the Tourist office, at the discovery of the real mountain live with sports activities, walks, excursions, gastronomic meetings and evening animation.

SUMMER Livigno Card

Livigno Card enables you to access all the organised activities at discounted prices. The card is offered by the hoteliers and by the apartment owners taking part in the initiative.

NORDIC SKIING

There are 30 km of slopes in the valley, free for lovers of cross country skiing. The slopes draw skiers from the very first snowfall; some stretches are easy while others are more challenging, and all reach into an open valley where the sun always shines. In December La Sgambeda, an international cross country marathon, opens the ski season of the prestigious Fis Marathon Cup.

ALPINE FITNESS & BEAUTY

HIGH-ALTITUDE BEAUTY
AND WELL-BEING!

ALPINE FITNESS & BEAUTY

Livigno - a genuine
“well-being region”.

Livigno, as we all know, is an open-air gym ideal for all sports, because the training at high altitude is dope free and improves the aerobic capacity. But the big news of the season 2014/2015 is the reopening of the center Aquagranda!

Athletes wishing to train at high altitude, or sportsmen and women who believe that sport contributes to the well-being of the body, will find a fitness room of 350 square meters, completely equipped with Technogym machines and a semi-Olympic swimming pool built with Myrtha technology. The fitness area of Aquagranda with its 1,816 meters above sea level is the highest place in Europe where you can train and the second one in the world after Mexico City.

THE PLEASURE OF GOING OUT

THE PLEASURE OF GOING OUT

Livigno - where the fun of going out becomes really special!

THE PLEASURE OF GOING OUT

Breathe in the tingling mountain air, let yourself be kissed by the sun that shines all year round and discover the symphony of tastes of the **TRADITIONAL VALTELLINESE CUISINE**. The buckwheat and the milk of the luxuriant summer pastures originate unique and wholesome creations you and your loved ones can round off with a good glass of wine. But there's more than delights for the palate - here, the pleasure of company begins in the late afternoon with the fun-filled **APRÈS-SKI** directly on the slopes, the **HAPPY HOURS**, the beer houses and pubs that often hold **THEMED EVENINGS**, as does the disco.

Livigno Dairy

Latteria di Livigno
Innamorati del nostro latte

LOVELY TO SEE, GOOD TO TASTE

At the Livigno Dairy, old traditions are renewed day after day to provide you with tasty and wholesome products. The milk comes **EXCLUSIVELY FROM THE LOCAL STALLS AND PASTURES** and is made into numerous good products: cheese, fresh and long-life milk, yogurt, ricotta and butter. All of them are top-quality and guaranteed by the Livigno label. Furthermore the tourist area enables visitors to watch the milk being transformed, following the various phases through vast windows or with a guided tour. In the welcoming "stue" or rooms, you can sample the products and learn more about the local farming history. The **LIVIGNO DAIRY** goes beyond the usual concept of a farming company - it is a touchstone to maintain and spread awareness of food traditions in Livigno.

ITINERANDO

Livigno's unique position enables you to enjoy out-of-town day trips even without a car or motorbike. Thanks to the various connections between the **ALTA VALTELLINA, ENGADINA and ALTO ADIGE**, you can use public transport, like buses and trains. There are numerous places to visit where you can redi-scover niches, attractions, monuments and castles rich in history and culture that date back thousands of years. However, as Livigno is a district that shares a border with Switzerland and is also surrounded by various Alpine passes open only in the summer period, before starting out it is best to find out the opening times and accessibility of the border passes and of the Munt La Schera tunnel. You must remember to always carry a document valid for foreign travel.

Valtellina

Hidden in the heart of the Alps between Italy and Switzerland, the **VALTELLINA** offers many starting points for a trip out of town. **SONDRIO** is the main town of the province and is home to the Valtellina Museum, but there are a variety of districts which can be visited during a day trip. The municipalities that are nearest and richest in historical and cultural signs (such as archaeological settlements, churches, castles, historical centres and thermal water springs) are: **TIRANO, BORMIO, S. CATERINA VALFURVA, GROSIO and TEGLIO.**

Val Venosta

Val Venosta, in Alto Adige, goes from Resia Pass, where we find the bell tower submerged in Resia Lake, to **MERANO**, the renowned thermal district where the traditions meet and contrast with the modernity of today. Of note among the districts to visit are: **GLORENZA**, Italy's smallest town; **SLUDERNO**, where you can visit Coira Castle, with the largest private armoury in the world; and **BOLZANO**, the head of the province and home to various museums, castles and historical artefacts.

Switzerland

Nearby Switzerland offers our guests a host of landscapes and particularities that must be seen. Of note among these are the area of **ENGADINA**, where we find **ST. MORITZ**, with the extremely luxurious Casino; **SCUOL**, with its countless well-being activities; **GUARDA**, with its picturesque decorated homes and interactive paths related to the imaginary character of Schellen-Ursli; and **VAL MONASTERO**, which has earned the name of Natural Biosphere Park over the years, also recognised by **UNESCO**... And just over two hours away we already find ourselves in **AUSTRIA**, **GERMANY** and **LIECHTENSTEIN**.

The Bernina Red Train

In 2008, the Bernina Red Train became a **UNESCO** heritage site and is one of the highest railways in the world, a truly breath-taking show among the Alps. This exciting railway path begins at Tirano, the last station of the Italian Railway line coming from Milan, and goes up to St. Moritz.

The **BERNINA EXPRESS** travels on 70‰ incline slopes up to an altitude of 2,253 m with a view over the Morteratsch glacier and over the Bernina Group (the cable car can take you to up the self-named glacier from the "Diavolezza" stop - it runs every 20/30 minutes).

The Tirano - St. Moritz route lasts around two-and-a-half hours.

Covered panoramic carriages run during the year.

In summer (July and August) open-air panoramic carriages are also available.

Carry a document valid for foreign travel.

STRUMENTI INFO

The image displays two overlapping screenshots of the livigno.eu website. The top screenshot shows the homepage with a scenic background of a lake and mountains. It features a navigation bar with links like 'LA TUA VACANZA', 'CITTÀ', 'SALPESSE', 'FOOD&WINE', 'SERVICES/SPORTS', and 'LIVIGNO'. A sidebar on the left lists activities: Family, Bike, Active, and Hotel. The main content area has a large banner for 'LIVIGNO CARD ESTATE' with a button 'SCOPRI TUTTI I VANTAGGI!'. A 'PRENOTA ALLOGGIO' (Book Accommodation) form is visible on the right, with fields for Address, Postcode, Adults, and Beddays, and a 'CERCA' (Search) button. The bottom of the page shows a footer with 'MY', 'Eventi', '2°C - 17°C', 'Webcam', '9:01', and '#Livigno'.

The bottom screenshot shows the 'EVENTI&NEWS' section. It features a grid of four event cards: 'NOTTE BIANCA' (16/01/2019), 'FESTA COSTUME LIVIGNASCO' (23/01/2019), 'LA NOTTE NERA' (18/08/2018), and 'NATIONAL PARK BIKE MARATHON' (29/08/2018). Below the grid, there is a section for 'Seguici su' (Follow us on) with social media icons for Facebook, Twitter, YouTube, and Instagram. To the right, there is a 'Vallée d'Aoste' logo and a section for 'Inscriviti alla nostra newsletter' (Subscribe to our newsletter) with a text input field and a 'Web' button. The footer of this section includes the copyright notice 'Copyright 2018 - CF 20012041101 - Amministrazione turistica (Privacy policy / Termini e condizioni) - Questo sito è protetto da Cloudflare' and the same navigation bar as the top screenshot.
