

## New Products for 2009

### NeoAir™

The pinnacle of ultralight and ultra-small when it comes to warmth and comfort. This design has utilized the most advanced fabrics and proprietary AirTight coatings to create the world's lightest, most advanced 3-season air mattress.

The NeoAir mattress is three times warmer than any other uninsulated air mattress, thanks to a patent-pending Reflective Barrier that reflects heat back to the user's body and cold back to the ground. A patent-pending Triangular Core Matrix contributes to the warmth by creating a multitude of air cells that minimize air movement and convective cooling. The matrix also creates an internal truss system that virtually eliminates the instability generally found on large tube-based air mattresses, assuring the user will shift less and rest comfortably.

Since thermal efficiency is achieved without the aid of down or fiber insulation, the NeoAir mattress can be blown up directly without having to worry about exhalation moisture wetting insulation and decreasing performance. The ultralight, compact air mattress packs to the size of a 1-liter water bottle.

#### Small

Dimensions: 51 x 119 cm / 20 x 47 in.  
Weight: 260 g / 9 oz.

#### Medium

Dimensions: 51 x 168 cm / 20 x 66 in.  
Weight: 370 g / 13 oz.

#### Regular

Dimensions: 51 x 183 cm / 20 x 72 in.  
Weight: 410 g / 14 oz.

#### Large

Dimensions: 63 x 196 cm / 25 x 77 in.  
Weight: 550 g / 1 lb. 3 oz.

R-Value: 2.5  
Thickness: 6.3 cm / 2.5 in.  
Color: Limon

### Ventra™ Down Comforter

This 40F° rated comforter is filled with premium 650-fill European down for comfort and warmth and offers the freedom to move that traditional mummy bags don't. The comforter can snap to any Therm-a-Rest mattress with a simple Mattress Snap Kit™ or the recently-introduced Fitted Sheet that snaps onto the mattress itself, providing next-to-skin comfort. The comforter features dual-draft collars on both sides that act as a weight to keep the blanket wrapped around the body plus a footbox that keeps feet easily tucked in while moving during sleep. It is also versatile enough to be used on its own by the campfire, in a hostel or on a plane. (Mattress Snap Kit and Fitted Sheet sold separately.)

#### Regular

Dimensions: 134/101 x 198 cm / 53/40 x 78 in.  
Weight: 940 g / 2 lbs.

#### Large

Dimensions: 157/107 cm / 62/42 x 82 in.  
Weight: 1180 g / 2.5 lbs.

Color: Chili Pepper, Canary Yellow

## Updated Products for 2009

### ProLite Plus™

The warmest ultralight self-inflating Therm-a-Rest mattress. 20% warmer than the previous ProLite™ 4 four-season mattress, the ProLite Plus features new advancements in die-cut foam, allowing for greater heat retention than ever before. The mattress is the ideal choice for ski touring, cold weather expeditions and backcountry winter camping.

#### Small

Dimensions: 51 x 119 cm / 20 x 47 in.  
 Weight: 480 g / 1 lb. 1 oz.

#### Regular

Dimensions: 51 x 183 cm / 20 x 72 in.  
 Weight: 680 g / 1 lb. 8 oz.

#### Large

Dimensions: 63 x 196 cm / 25 x 77 in.  
 Weight: 940 g / 2 lbs. 1 oz.

R-Value: 3.8  
 Thickness: 3.8 cm / 1.5 in.  
 Color: Pomegranate

### Women's ProLite Plus™

A women-specific version of the warmest ultralight self-inflating mattress. 20% warmer than the previous Women's ProLite 4 four-season mattress, the Women's ProLite Plus features new advancements in die-cut foam, allowing for greater heat retention than ever before. The Women's mattress features more insulation in the torso and foot areas, where women get colder faster. This mattress is the ideal choice for ski touring, cold weather expeditions and backcountry winter camping.

#### Women's Regular

Dimensions: 51 x 168 cm / 20 x 66 in.  
 Weight: 680 g / 1 lb. 8 oz.

R-Value: 4.5  
 Thickness: 3.8 cm / 1.5 in.  
 Color: Plum
